GROOMING PRICE GUIDE

Please note that prices may vary as grooms are based on dog's manners, their coat condition and type in addition to owner's wishes.

Although we do not generally charge a set hourly rate, budget around £45 an hour, however some dogs (regardless of size) can take longer than others due to individual requirements.

We keep the dog's welfare in mind throughout the whole process always aiming for a happy, comfortable groom for everyone.

Although appointments are not always necessary, we do often require deposits to secure appointment.
