## JUNIOR/OLDER DOG CLASS INFORMATION

Our Junior Classes allow you and your dog the opportunity to expand on the training that you already have in place or to learn new exercise to help with good manners and focus.

Suitable for dogs over 6 months of age who have either completed puppy classes and want to develop their training further; or for people that have a new older dog or one needing some refreshment. We are able to accept younger or older dogs and those with varying levels of previous training but please discuss this with us prior to enrolling your dog onto the course.

We work towards upskilling you and your dog from whatever level you are currently at.

- Can advise on any topic puppy/dog related
- Exercises include the basics and more with work on focusing around distractions (sit, down, recall, walking on a loose leash, leave it, targeting, stays, confidence building)
- Bring your dog on a normal collar & lead (or harness) and loads of yummy treats.
- Cost is £140 for 6 x 1 hour lessons (1<sup>st</sup> set of lessons – reduced price for continuation lessons)
- Book and/or pay online via our website, pay at the shop or on the day (cash only if on the day)
